Pet Resort Boarding Policies

Thank you for choosing our hospital to board your pet. We provide quality boarding with a personal touch. Every attempt will be made to give each pet individual love and attention during their visit with us. While staying with us your pet will be under the supervision of our Pet Resort Technicians. We strive to maintain a sanitary and healthy environment for our patients.

Vaccinations: All pets must be up to date on their vaccinations, and it is the owner's responsibility to make sure that proof of current shots is on file with the hospital at the time of admission. If vaccinations have been administered at another veterinary hospital and they are closed at the time of admission and proof of those vaccinations is not on file, the vaccines will be brought current at the time of admission and the client will be charged accordingly. Boarding animals less than five months of age is not recommended because they may not have developed complete immunity, but we do have limited space for puppy boarding.

Dogs: DHPPV, Rabies, Bordetella (Kennel Cough) and Canine Influenza (H3N2/H3N8)

*****ALL PETS MUST HAVE A NEGATIVE FECAL
WITHIN THE LAST 12 MONTHS*****

Cats: FVRC-P and Rabies.

Internal/External Parasites: All pets must be free of parasites, including fleas and ticks. If your pet is found to have either, we will administer oral or topical flea/tick prevention/treatment to the cost of the owner.

Rates and Payment: Rates are set daily for each separate service offered. Daycare, boarding and grooming are treated as separate services. A complete list of services and pricing can be found on our website or call for details. Check-in/out can be scheduled anytime during our lobby hours. Reservations for boarding are preferred, but walk-ins are welcome with appropriate documentation. Our boarding rate is charged daily and check out is noon Mon-Sat, **the daily rate will apply to all boarders staying past noon or on Sundays.** Boarding is charged by the number of days stayed, and charges are updated at closing time. If you pick your pet up before noon, you will not be charged for that day. If your pet's stay needs to be extended past the date that was previously booked we can not guarantee your pet's original run will be available, but we will certainly make sure your pet has comfy accommodations for their extended stay. **Payment in full is expected when your pet is discharged.** A deposit is required for an extended boarding (>30 days).

Medical Illness Policy: One of the advantages of boarding your pet(s) at a Veterinary Hospital is that medical attention is readily available for our guests. If your pet needs medical attention we will call the emergency number that was given to us on admission. If we are unable to contact you, your pet will be treated as we deem necessary, at normal hospital fees. If your pet is currently on medication, please inform the receptionist. Charges for administering medications are based on the frequency of dosages and the means of administration.

Personal Belongings: Leaving personal belongings, i.e.: toys, blankets, bedding, etc., is allowed but discouraged due to sanitation and orderliness requirements. If you have questions about this, please discuss with the admitting technician. **The pet resort is not responsible for any items if lost or soiled.**

Inherent Conditions: Occasionally pets may develop problems from environmental and dietary changes. Signs may include: vomiting, diarrhea, coughing, sneezing and self-trauma such as scratching or biting their skin. We take great care so that these problems won't occur and we treat our guests promptly, if needed. However, please be aware and understand that these conditions can develop and that the hospital is not financially responsible for these inherent conditions, if they do occur.

Abandonment: Please notify us if there is any change of plans in your pet's scheduled release date. If you do not notify us of a change in your pet's departure date and either we do not hear from you or are unable to contact you or your authorized agent for a period of 14 days after your pet's scheduled release date, the Hospital will consider your pet abandoned according to the animal abandonment laws in your state. Please be advised that the pet owner will be responsible for the fees accrued and any other fees or legal services incurred by the Hospital as a result of the abandonment.

If you have any questions or problems, please call your caring VCA hospital staff. Thank you!
